had a dress made in Leavenworth since she left here. are happy to be able to say to them and all others, that there is now no further necessity of taking work outside of Leavenworth. We guarantee a perfect fit, the latest and best styles and entire satisfaction in every respect. We have been to great expense in securing the services of so accomplished an artist, and we feel that the Ladies of Leavenworth will appreciate our determination to introduce firstclass talent in our midst. Although

this is our first public annou ment of our new enterprise, we have already a number of orders, and would suggest to Ladies wishing work next week or the following one, that they lose no time in leaving orders, as we should be sorry to disappoint any and have determined never to promise more than we can perform. We would say that we do not, by any means, confine ourselves to the making of suits where the material is purchased of us, but shall be glad to do dressmaking wherever the goods may be bought
